The New
Reservoir
And Filters

HOLLOWAY SAYS THE PROPOSED
FILTRATION SITE IS TOO LOW
IN NUUANU.

The filtration plant proposition is one for the legislature, said Superintendent Holloway this morning. Holloway is not doing anything in the matter at present, having no appropriation. He is opposed anyhow, to having a plant in the location formerly chosen in Nuuanu valley, on the ground that it is too low.

"At the time that site was approved," said Holloway, "we were not supplying such districts as Manoa. A filtration plant on the site in question would be at such a low elevation that water would not reach some of Manoa. For that reason I think it should be higher up, at the number one reservoir at least, perhaps at the big new reservoir."

The new reservoir is to have a capacity of about 450,000,000 gallons and will, it is expected, make the local supply abundant. Holloway was asked this morning when he thought it would be finished, and said he thought it would be at least a year from now.

"The completion of this reservoir," said the Superintendent, "will do much to improve the local supply so that filtration will not be so necessary. The present reservoirs are so small that mud does not settle. In the big lake the water will settle and it will be clear without filtration. However, the subject is one for the legislature to consider."

SAN FRANCISCO CABLE ANNOUNCES
LITTLE INTERRUPTION IN
HAWAIIAN PAYMENT.

Alexander & Baldwin this morning received a cable from San Francisco to the effect that the monthly dividend of the Hawaiian Commercial & Sugar Company would be paid this month on the tenth, instead of the fifth. The delay in owing to the disaster at San Francisco, where the company has its headquarters, and is much less delay than was expected.

After the earthquake a cable was sent from here asking what would be done, as much of the stock is held here. It was expected that it would take some time to reorganize business affairs and pay the usual dividends, but the cable received this morning shows that matters are rapidly getting into shape again, and it is regarded as a very encouraging sign for Hawaiian securities on the coast.

OBEYS WISHES

DISMISSAL OF OFFICER KUPI-
KEA AT WAIALAE.

"The wishes of the board of supervisors relative to the dismissal of officer J. Kupihea of the Waialae district, have already been complied with," said County Sheriff Brown this afternoon. "I have not decided whom to appoint as the successor of Kupihea. A man from Honolulu may be sent temporarily to take his position.
